Proof of Funding for F-1 & J-1 Students

- Students in F-1 & J-1 status are required to show proof of funding for one year or until the end date of their I-20/DS-2019 (whichever is shorter) as they request various updates to their status (e.g. applying for a new visa, changing degree level or program, extension of program etc.)
- Proof of funding documents must be original
- They must not be more than 3 months old
- They can be in the form of bank statements, employment letters (including TA, GA offer letters) etc.
- If the proof of funding is through a source other than the university or the individual, it must be accompanied with a letter from the source expressing their intent to support the student
- Please make sure the funding documents you provide show the conversion to a U.S. dollar amount. Alternatively please attach a recent (not more than 2 weeks old) conversion from a source such as: http://finance.yahoo.com/currency
- Please contact your international student adviser if there are any questions regarding proof of funding documents
